

RESEARCH PARTICIPANTS NEEDED

**Have you or your child been diagnosed with attention-deficit hyperactivity disorder (ADHD)?
Are you or your child currently taking prescribed medication for ADHD?**

You may be eligible to participate in a research study about factors influencing adherence to medications in people with ADHD.

Who can participate?

- Parents (of children with ADHD, aged up to 17 years)
- Adolescents with ADHD (aged 13 – 17 years)
- Adults with ADHD (aged 18 years and above)

Other requirements

- The survey is in English. Participants must be able to complete the survey without the need for a translator.

What does this study involve?

- You will be asked to complete a survey. The survey will include a number of choice tasks in which you will be asked to choose a hypothetical medication from a set of three alternatives based on the information given.

All surveys are anonymous and confidential. Please click the link below if you would like to participate in this study.
